

# BUSHFIRE in the LANDSCAPE

different values, a shared vision

**WHEN:** Thursday 23rd and Friday 24th of June 2011  
**WHERE:** NSW Teachers Federation Conference Centre,  
Surry Hills, Sydney  
**WHAT:** Call for abstracts for oral papers and posters

The Nature Conservation Council (NCC) of NSW Bushfire Program Presents its Eighth Biennial Bushfire Conference and is accepting abstracts for oral and poster presentations.

**If you have new research findings, policy updates or on the ground success stories that you would like to present, please submit abstracts by**  
***Thursday the 21st of April***

Risk management values, ecological values, Indigenous values and rural production values have traditionally had competing interests in how fire should be used. The goal of this conference is to bring together a shared vision for progressing ecologically sustainable bushfire management, while facilitating knowledge exchange and networking opportunities.

**There will be four symposia on the following values**

1. Biodiversity – putting biodiversity back on the burn agenda
2. Indigenous – new directions for Indigenous fire management in NSW
3. Risk – the applications and limitations of managing risk
4. Rural – rural production and the role of fire
